

RED RIVER CHALLENGE INVITATIONAL TOURNAMENT HISTORY

The Red River Challenge is an annual stroke play tournament that encompasses an inner team competition between the Texas Jr. Golf Tour (TJGT) vs. Oklahoma Jr. Golf Tour (OJGT). The tournament brings together the best players of both tours and features a multi-state as well as international ranked field. Furthermore, in past years the tournament has been played on a collegiate & historic venue @ Dornick Hills, CC. Dornick Hills has hosted the Maxwell Collegiate Tournament for years and is the final resting place of the famous course designer Mr. Perry Maxwell.

The Red River Challenge has been ranked as one the highest Golfweek Ranked tournaments each year outside the AJGA. Dozens of players the past nine years who have participated in the event have gone onto successful college golf careers.

The event field has seen a 95% boys and 97% girl's collegiate scholarship success rate for seniors moving on the college. The event provides national & regional exposure for players to be recruited by universities across the country.

TJGT currently leads the team championship series 9 to 6.

This event draws over 120 families, spectators and up to 30 college coaches each year. Players & families from as far as Mexico to Canada, England and Korea have participated in the annual event. Alumni of this event still have great memories of this prestigious event. **The tradition of coming to the Red River Challenge makes this event an annual "passage" within the large junior and high school golf community in Texas & Oklahoma.** The Red River Challenge field has produced more college golfers than any other junior tournament within Texas and Oklahoma outside the AJGA.

Here is what former TJGT Red River Alumni have to say:

The TJGT vs OJGT Red River Challenge was one of the most memorable and fun events in my junior golf career . The best of the best from Texas & Oklahoma are always on display at one of the most historic golf venues in the country. I never forget shooting 63 and helping the TJGT take home the championship. This is a must event for any Texas junior or high school golfer.

~Jordan Spieth

The Red River Challenge will always be one of my all time favorite memories and tournaments in junior golf . The atmosphere with the teams as well as the individual, highly ranked stroke play allowed me to gain significant exposure to college coaches at that time in my career. I highly recommend that every player fight to gain entry into this incredible event that brings the best junior tours in Texas and Oklahoma together each year

~Patrick Reed

The TJGT vs. OJGT Red River Challenge was a key turning point in my junior golf career. The exposure I received nationwide launched me into NCAA Division One schools radar. I will never forget this tournament as it was one of my all time favorites and every Texas player should play multiple times. The historic venue, banquet, team atmosphere, uniforms, banquet and so many other fun things make this one of the best junior events ever

~Kelly Kraft
